

ECOLOGY, BEHAVIOR, AND EVOLUTION MAJOR (CATALOG MAJORS FALL 2014 AND LATER)

Life Science Core Curriculum:

NEEDS

Life Sciences 1, 2, 3, 23L, and 4	
Chemistry 14A, 14B, 14BL, 14C, and 14D OR Chemistry & Biochemistry 20A, 20B, 20L, 30AL, 30A, and 30B <i>(NOTE: Students considering medical or pharmacy school who take the 20/30 series should also take 30C; some pharmacy schools may require 30CL. Some professional schools may still require Chemistry 14CL/30BL.)</i>	
Mathematics 3A, 3B, 3C OR Mathematics 31A, 31B, 32A (Some pharmacy schools require the 31/32 series.) OR Life Sciences 30A, 30B	
Physics 6A, 6B, 6C OR 1ABC, 4AL, 4BL	
Statistics 13	

Upper Division Requirements: *(courses may be applied to ONE category only)*

NEEDS

CATEGORY ONE: MORPHOLOGY & SYSTEMATICS. Choose ONE COURSE (totaling at least 4 units) from the following list: Ecology & Evolutionary Biology 101, 103, 105, 110, 111, 112, 113A, 114A, 115, 117, 130	
CATEGORY TWO: PHYSIOLOGY. Choose ONE COURSE (totaling at least 4 units) from the following list: Ecology & Evolutionary Biology 137, 162+162L (must take BOTH courses). 170; Physiological Science 166 <i>NOTE: Students who have taken EE BIOL 170 cannot take Physci 166.</i>	
CATEGORY THREE: ECOLOGY, BEHAVIOR, & EVOLUTION. Choose THREE COURSES (totaling at least 12 units) from the following list: Ecology & Evolutionary Biology 100, 116, C119A, C119B, 120*, 121, 122, C126, 128, 129, M131 (same as Geography M117), 133, 135, 136, 137, 142, 151A, 152, 153, 154, 155, 162, M171 (same as Anthropology M125A), CM173, C174, 175, 185*, 186 Anthropology 128A <i>*Students cannot take both EEB 120 and EEB 185.</i>	
CATEGORY FOUR: FIELD QUARTER (totaling at least 12-16 units): Field Biology Quarter (FBQ), Marine Biology Quarter (MBQ) or pre-approved equivalent	
CATEGORY FIVE: UPPER DIVISION ELECTIVES. Choose TWO COURSES (totaling at least 8 units) from the following list: Anthropology 127P, 128A, 128B Chemistry & Biochemistry EXCLUDES 188-199 (153A and 153L are strongly recommended) Earth, Planetary, & Space Sciences [Geology only]; EXCLUDES 188-199 Ecology & Evolutionary Biology EXCLUDES 190-196 Environment 184 Geography EXCLUDES 188-199 Mathematics EXCLUDES 104, 105A, 106, 188-199 Molecular, Cell & Developmental Biology 172 Physics EXCLUDES 188-199 RECOMMENDED: Taxon-oriented courses in ecological, behavioral and evolutionary processes, e.g., EE BIOL 111, 112, 113A, 114A, etc.	

NOTE: A maximum of eight (8) units of the **Ecology & Evolutionary Biology 198-series** or four (4) units of **Ecology & Evolutionary Biology 199** may be applied toward the major. Credit for 199 courses from other departments may not be applied. 199 courses with faculty sponsors **OUTSIDE** the Department of Ecology & Evolutionary Biology do **NOT** apply on the major unless approved by special petition **AFTER** the course is completed. Instructions for petitioning non-EE BIOL 199s are available in the Undergraduate Office.

Regarding classes offered by Molecular, Cell & Developmental Biology or Physiological Science (Department of Integrative Biology & Physiology):

As of FALL 2004 and thereafter, enrollment in ALL upper division (UD) Physiological Science courses will be restricted to their majors during first pass. You must consult the IB&P department about enrollment in courses during second pass for UD elective Physiological Science courses. **Non-Physiological Science majors are restricted from enrolling in Physci 107, 111ABC, and 111L at ALL TIMES.**

Enrollment in Upper Division MCD BIO courses will be restricted to their majors during first pass and will be open to all students during second pass, space permitting. **Non-MCDB majors are restricted from enrolling in MCD BIO 104AL at ALL TIMES.**

MAJOR & DEGREE REQUIREMENTS:

- All **Life Science Core Curriculum** courses must be passed with a letter grade of **C- or better** and must be completed with an **overall GPA of 2.00 (C) or better**. If you receive a grade of D or F in two (2) core curriculum courses, either in separate courses or in repetitions of the same course, you are subject to dismissal from the major.
- For the **upper division (UD) major requirements**, you must pass each course with a letter grade of D- or better. However, in order to graduate, you are required to maintain a global GPA (UD major requirements) of **2.00 or better**.
- Courses applied to the **upper division (UD) major requirements** may be applied to ONE category only. Courses listed in multiple categories **MAY NOT** be applied to multiple categories simultaneously.
- A maximum of four (4) units of graduate work may be applied on the major, **BUT only if approved** by the department.
- A maximum of four (4) units of EE BIOL 199 **OR** eight (8) units of EE BIOL 198A & 198B may be applied to the major. Credit for 199 courses from other departments may not be applied.
- Each course applied toward the UD major requirements must have a **minimum of four (4) units**. Courses with fewer than four units may be combined to equal one (1) course equivalent, IF they are applicable to the major (e.g., EE BIOL 176, EE BIOL 180, EE BIOL 188). Thus, two (2) courses worth 2 units each (for a total of 4 units) could equal one course requirement on the major. A maximum of one (1) course on the major is allowed in cases where two 2-unit courses are combined to equal one course equivalent. A six-unit course counts as one course on the requirements for the major.
- All courses to be applied on the major must be taken for a letter grade. This includes all courses in the Life Science Core Curriculum and all UD major courses.
- The College requires a total of 60 upper division units for graduation. Thus, you may be required to take additional UD courses (either within or outside of the major) to meet this requirement.

Departmental Honors

An overall GPA of 3.400 and a global GPA of 3.400 in the major are required for graduation with honors in Biology. Highest honors in Biology are awarded to students whose global and overall GPA are 3.600 at graduation and who have satisfactorily completed EE BIOL 198A & 198B. Students do not need to apply for departmental honors. All students are reviewed for honors following the receipt of final transcripts.

IT IS YOUR RESPONSIBILITY AS A STUDENT TO BE AWARE OF THE REQUIREMENTS LISTED ON YOUR Degree Progress Report (DPR) or Degree Audit Report (DARS) AND TO VERIFY THAT IT IS UP TO DATE!
