

## New Student Sessions Organizations:

You can find more organizations by searching here: <https://community.ucla.edu/studentorgs>

### Transfer-Specific Orgs

- Chi Alpha Psi
  - Co-ed organization founded by transfer students, for transfer students. Aims to create a social community of transfer students who are committed to their education and principles of service to the community.
  - Instagram: **@ChiAlphaPsiUCLA**
- NonTraditional Student Network at UCLA
  - Support system which brings together all UCLA students who are returning to higher education after pursuing various walks of life.
  - Instagram: **@nontraditional\_ucla**
- Student Transfer Outreach and Mentor Program
  - Works in collaboration with UCLA Undergraduate Admission to inform, motivate, and inspire underrepresented California community college students to pursue a University of California education.
  - Instagram: **@STOMPatUCLA**

### Life Science Orgs

- PhD and Undergraduate Life Scientists in Academic Research (PULSAR)

- Incorporate undergraduate students to the greater scientific community through networking events, mentorship, and research training.
- Instagram: **@PULSARucla**
- Undergraduate Science Journal
  - Features original research articles and review articles written by UCLA undergraduates in all STEM fields, including life sciences, engineering, statistics, physics, mathematics, and computer science.
  - Instagram: **@usjUCLA**

### Pre-health orgs

- American Medical Women's Association Undergraduate Division
  - Provides a safe, non-competitive forum for pre-health students to network and discuss issues such as medical school prerequisites, education, professional development, and personal growth.

### Instagram: **@amwaUCLA**

- Lavender Health Alliance
  - Provides support, community, and resources for LGBTQ+ pre-health students and increasing awareness of inequalities facing LGBTQ+ folks in healthcare, higher education, and the sciences.
  - Instagram: **@lavhealthalliance**
- Los Angeles (LA) Health Initiative

- Committed to serving the greater Los Angeles area and beyond through involvement in community health-based projects.
- Instagram: **@la\_health\_initiative**
- TransferMed
  - Facilitate UCLA transfers toward obtaining opportunities, clinical exposure, resources on and off-campus.

Instagram: **@TransferMedUCLA**

- Community Outreach for Health Literacy at UCLA
  - Platform for undergraduate students to research topics relating to their career goals and to directly work on educating the local communities.

Instagram: **@cohlbruins**

### **Environmental/Ecology Orgs**

- Access Clean Water Anywhere at UCLA (AWCA)
  - Raise awareness about issues of unequal clean water access and advocate for it to the wider UCLA community.
  - Instagram: **@awca\_ucla**
- Backpacking Club at UCLA
  - An inclusive community of outgoing and adventurous people who enjoy exploring the outdoors, love nature, and are dedicated to environmental stewardship.

Instagram: **@uclabackpacking**

- Bruin Beekeepers
  - Dedicated to bee education, research, and conservation. We manage beehives and various bee-related programs on campus and in the local community.
  - Instagram: **@BruinBeekeepers**
- Bruin Birding Club
  - Spread knowledge and appreciation of birds across UCLA, serve as a nexus for bird lovers across campus, and do our small part to make UCLA a more habitable place for our feathered neighbors.
  - Instagram: **@BruinBirding**
- Ecological Restoration Association at UCLA
  - A student service group working to restore degraded ecosystems in the community and learn about the significance of conservation biology and citizen science.
  - Instagram: **@ERAatUCLA**
